

FourteenSix Christian Academy

2018-2019 Parent Questionnaire

In order to make certain that we can serve parents and students well at FourteenSix Christian Academy, we have composed this questionnaire. Please fill out all the information requested to the best of your ability and with total honesty.

Prospective Student Name: _____

Student Age: _____ **Date of Birth:** _____ **Anticipated Grade Level:** _____

Parent Information

Father's Name: _____

Father's Cell #: _____ **Father's email:** _____

Mother's Name: _____

Mother's Cell #: _____ **Mother's email:** _____

Address where the student lives:

Street

City

ST

Zip

Our primary mission at FourteenSix Christian Academy is to use academics as a means of Christian discipleship. We teach a Biblical worldview and therefore require that students have a profession of faith in Jesus Christ applicable to their age group. In addition, we require that the sponsoring parent (grandparent or other relative) who is enrolling the student also be a professing disciple of Jesus Christ.

Describe your relationship with Jesus Christ:

Are you willing to confirm your support of the full doctrinal position of FourteenSix Christian Academy (FCA) and FourteenSix Christian Church?

Describe your students understanding and acceptance of Christian faith:

If age appropriate, ask you student to describe who Jesus is to him/her in their own words and handwriting:

Are you able and willing to participate in the homeschool portion of the FCA program on Friday's and Mondays each week?

School Information

What school is the student transferring from to come to FCA?

Why are you switching the student to the FCA program? What makes you think this will be a good fit for you and your student?

At FCA we want to make certain all students are getting the best academic and discipleship training possible. We want to be the best fit for you and your child. We are, however, not equipped to handle special education requirements. It is possible that mild cases such as ADD and ADHD can succeed at FCA but we need to have full details of any past behavioral concerns, medications or IEP's from the public school system. Please be completely forthcoming in answering the following questions – a concern in these areas is not necessarily a barrier to enrollment. We consider these issues on a case by case basis but parents are expected to be completely forthcoming. In a case where a student is enrolled but a behavioral, medical or learning problem was not fully disclosed, a student may possibly be dis-enrolled.

Has your child been formally diagnosed with ADD or ADHD? _____

If yes, describe the ADD or ADHD symptoms. Are these symptoms in any way severe or do you anticipate a problem with the child interacting with other kids and teachers?

Has your child been given an IEP (Individual Education Plan) or other formal behavior modification plan by the public school system? _____

If yes, describe the basic contents of the IEP (you will need to provide a copy before enrollment can proceed).

Has your child been medically diagnosed with any behavior concern that requires medication? _____

If yes, please describe the diagnosis and medications prescribed. Does FCA need to have the Academy nurse give these medications during the day?

Has your child been diagnosed with any learning disabilities such as Dyslexia, RAD or comprehension problems? _____

If yes, is this disability manageable by parents and can the student keep up at grade level without major accommodations by teachers. Please remember we are not equipped or trained to accommodate special education needs.

Academy Questions

FCA requires a 70% minimum grade in all subjects to maintain enrollment. If your student falls behind they may be put on academic probation. Are you willing to abide by this standard and willing to do extra work at home to make sure your student achieves the 70% standard? _____

FCA requires participation by parents and students in annual fundraising or a buyout option is available. Are you willing to participate or use the buyout option? _____

FCA requires students to memorize scripture. We primarily use the NIV version for scripture memory (but we also study from NKJV and KJV). Are you comfortable with the use of these translations? _____

FCA requires students to take placement exams prior to starting school. It is possible these tests may place a student in a grade level other than the grade level anticipated prior to enrollment. Are you willing to work with teachers and the headmaster and abide by our grade placement decision? _____

Do you have any other information you would like us to be aware of before our pre-enrollment meeting?
